## Timeless Spaces

*That Last*

A deep line that includes a modular desk system with the freedom to create unique and beautiful workspaces.

Shown on this page in Samoa Gray finish: Kai U-Shaped bow front desk with double full pedestals and an open hutch with four frosted glass doors, Gravity conference chair in black leather, coffee and end tables in the lounge area, a bookcase for added storage, and the Fusion metal base table with round Kai laminate top and silver base featuring three Switch nesting chairs.

# What's in the Kai Line?

- Rectangular Desks
- Credenzas
- L-Shaped Desks
- U-Shaped Desks
- Reception Desks
- Coffee Tables
- End Tables
- Conference Tables
- Meeting Tables
- Bookcases
- Filing
- Pedestals
- Storage Cabinets
- Glass or Wood Door Hutches
- Wall Mounted Hutches
- Worksurfaces

## *Sustainably Modern*

Kai is sustainable from conception to completion. The laminate used is sustainably sourced, the packaging is minimal, and the products are overengineered with 15+ connection points so that they will be around longer.

# Desks + Credenzas

No matter what market you're in, the rectangular desk is unmatched in its versatility. With a wide range of sizes from a small student desk to a large, bow front executive desk, there is a lot to choose from when it comes to this classic.

Credenzas differ from rectangular desks in that they offer a single grommet in the center and are less deep, which makes them perfect for on-desk storage options such as glass or wood door hutches. They can also be used as standalone storage by adding two lateral files or two storage cabinets.

# L-Shaped Desks

Mix and match color options to create a desk that is as unique and interesting as the rest of your office space. For example, you can pair Matte White doors with a Samoa Gray hutch for eye-catching contrast. Swap out the box/box/file and file/file pedestals with Matte White and use a Samoa Gray return and desk shell for a cohesive look that is simple and beautiful.

L-shaped desks are available with the following main desks:

- Extended Corner Bow Front
- Rectangular Desk
- Bow Front Desk
- D-Top Desk

# U-Shaped Desks

The perfect workstation, from open office plans to executive office spaces. The U-shaped desk is the ultimate surface space solution when you need to spread out and take charge of your daily tasks. It also offers the best storage opportunities, whether under the desk, on the desk, or mounted above it. Available in several main desk types including rectangular, bow front, d-top, or extended corner bow front.

# Reception Desks

A reception area makes the first impression the moment people walk through the door. The Kai collection makes it easy to continue your design from the reception area to open plan offices. Kai reception desks also have the same modular build as the other desks in this line, with the ability to grow from a rectangular reception desk to an L-shape into a U-shape configuration as needs arise. Mix and match end tables, coffee tables, and storage options to give your reception area a lasting impact.

# Worksurfaces *That Work*

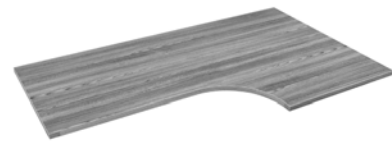

Kai integrates fully with Fusion metal base system, iRize standing desks, and Connect training tables to create modular desks and tables that can fit in any space. Pair Kai worksurfaces with matching storage options to build an office that meets the ever-changing needs of the workplace.

The Fusion metal base system was engineered to work with Kai laminate worksurfaces. iRize height adjustable bases are available in two configurations: straight base and L-shaped base and are also fully compatible with Kai worksurfaces. Connect training tables are width adjustable and accommodate a wide range of Kai worksurfaces

Kai worksurfaces are available in six finish options including Espresso, Mahogany, Matte White, Samoa Gray, Walnut, and Black.

**Fusion Metal Base System**  
Features Kai rectangular worksurfaces in Samoa Gray finish.

**iRize Standing Desks**  
Features Kai extended corner worksurface with a rectangular return in Walnut finish.

**Connect Training Tables**  
Features Kai rectangular worksurfaces in Matte White.

# Build a Desk

Building a desk to fit perfectly into any office space has never been easier. Combine main desks and returns to form L-shaped configurations. To create U-shaped configurations, combine main desks, bridges, and credenzas. Add under desk storage or a hutch to keep the area sleek, stylish, and organized.

# Sustainably Sourced

Every tree that is felled for the purpose of supplying wood for our laminate products is sourced from a sustainable forest. To maintain ecological balance, trees felled in a sustainable forest follow the natural patterns of disturbance and regeneration.

## UL Greenguard Gold Certified

Our products are tested for over 10,000 chemicals and meet the strict criteria to limit your exposure to toxins. The average American spends 90% of their time indoors, breathing the same air as their products. We want to make sure that air is as clean as possible.

## CARB2 Compliant

We undergo quarterly inspections and testing on all our composite wood materials to comply with health and safety standards that limit levels of chemicals such as formaldehyde for safe air quality in indoor spaces.

## BIFMA/ANSI Certified

Our products are tested in an ISO 17025 accredited test lab and are subject to random audits to maintain Comfort, Safety, Sustainability, and Durability standards.

## TSCA Title VI

Our products undergo vigorous testing for lead paint and formaldehyde to meet emissions standards set by EPA-recognized certifier for toxic substances.
