

New 2026 Custom Catalogs + Digital Resources

Exciting news! i5 Industries is now offering unimprinted and custom logo catalogs! Leave a lasting impression on your customers with high-quality catalogs that create an engaging, interactive experience.

We are carrying the momentum and spirit of excellence from 2025, a year in which we enhanced every part of i5 Industries, from streamlining our logistics and elevating customer service to expanding our product offering, into 2026 with new office furniture catalogs! Discover new products, new visuals, and more!

All dealerships that have purchased \$50,000 or more in 2025 will now be eligible to receive a 1% rebate calculated based on your total sales volume achieved throughout 2025. We will generate a sales report for your dealership on 12/31/2025. Your catalog order will receive 1% of your total sales as a rebate. This credit

will then be applied to your invoice and all invoices for catalog orders will go out the first week of 2026. Please note: this rebate does not roll over to the next year and can only be applied towards catalogs. For example, if you only order \$500 worth of catalogs and your rebate is \$800, you do not receive a refund for the credit because the rebate is only applicable to catalogs.

The deadline to order your catalogs is November 14, 2025.

Guidelines + Deadlines

To ensure the highest quality for your custom catalogs, be sure to follow our submission guidelines.

Print-Ready Criteria for Logos:

- High resolution (minimum 300 dpi)
- Acceptable file format (AI, EPS, or PDF)

The deadline to place your order is November 14, 2025.

You will be invoiced for your catalogs November-December 2025.

Delivery is estimated for January 2026.

Why purchase imprinted catalogs?

Catalogs allow your customer to get a feel for the products with high-quality images and detailed descriptions. Additionally, catalogs with your custom logo imprinted increase consumer awareness, keeping your business at the top of your customer's mind. Essentially, it turns a product catalog into a powerful sales asset that promotes your company, not just the products.
