Gravity Task Chair

Whether in the workplace or at your home office, the Gravity task chair has comfort and support that defies gravity. Its feature-rich, with fully adjustable 4D arms and a full range of ergonomic adjustments that create an experience unique to each user. Mix and match between black and gray fabrics and meshes to tailor the chair to your aesthetic with a polished aluminum base that looks great in any space.

Nova Task Chair

When people hear the list of features included with the Nova task chair, they're always amazed by the price point. A task chair that delivers a striking silhouette with a full range of comfort options is now within everyone's reach. Optimize your ergonomic support with height, depth, and lumbar adjustments for a comfortable experience that is out of this world. The breathable mesh keeps you cool, and the molded foam cushion keeps you so relaxed that you could recline back up to 133 degrees and take a moment for thoughtful reflection at home or in the office.

Switch Nesting Chair

The Switch nesting chair conforms to your body for hours on end. For longer meetings, recline at up to 131 degrees and let the soft, high-density foam cushion alleviate pressure on your joints to allow you to focus on your work. When finished with your meeting, fold the seat up 90 degrees and nest it with other Switch chairs for easy storage. The knit material is made for durability, with abrasion and fade resistance that will keep it looking newer, longer.
