iRize

Rise To Any Occasion

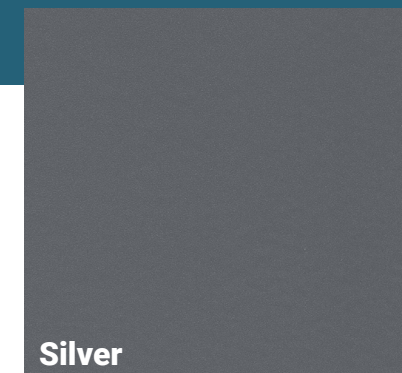

Small adjustments make a big difference. With a smooth and precise lift, you can adjust the iRize to relieve strain as you shift your posture throughout the day. When you find a height that works for you, add it as setting 1, 2, or 3 so you can go back to it whenever you need it. Energize your work to reduce fatigue with timed reminders to switch from sitting to standing. Relieve the pain of a non-optimized desk setup and improve your health and productivity today.

Height Adjustable Bases

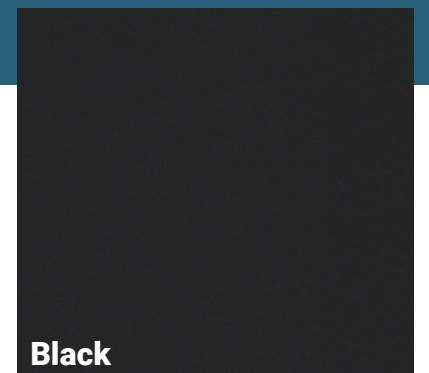

iRize Height Adjustable bases are crafted of powder-coated steel and available in three finish options, White, Silver, and Black.

White

Silver

Black

Features

The iRize height adjustable bases are designed to move smoothly and stay steady, even during quick changes. They operate with ultra-quiet motion and include built-in anti-pinch and anti-collision sensors for added safety. Each model is tested for dependable performance, up to 220 lbs on the standard base and 330 lbs on the L-shaped base, so users can count on reliable support day after day.

Seamless Integration. Endless Combinations.

iRize brings motion, flexibility, and performance to every workspace. It combines with our laminate casegoods collections, Rayne and Kai, and our Fusion metal base system to bring inspired design to your workspace.

Rayne + iRize

Inetgrate Rayne laminate casegoods and iRize height adjustable bases for a bright, coastal-inspired workstation with dreamy finishes that integrate with a variety of storage.

Fusion + iRize

Blend in Fusion's metal base system for an industrial aesthetic. Fusion and iRize are compatible with Rayne and Kai finishes. The powder-coated metal is the same used for both bases for a uniform look.

Kai + iRize

When combined with Kai laminate casegoods, iRize inspires a modern, timeless aesthetic. Pairing Kai with Fusion and iRize creates a sleek look with clean lines and a strong structure.
